Listen, point and say.

Good evening!
What's the weather like?

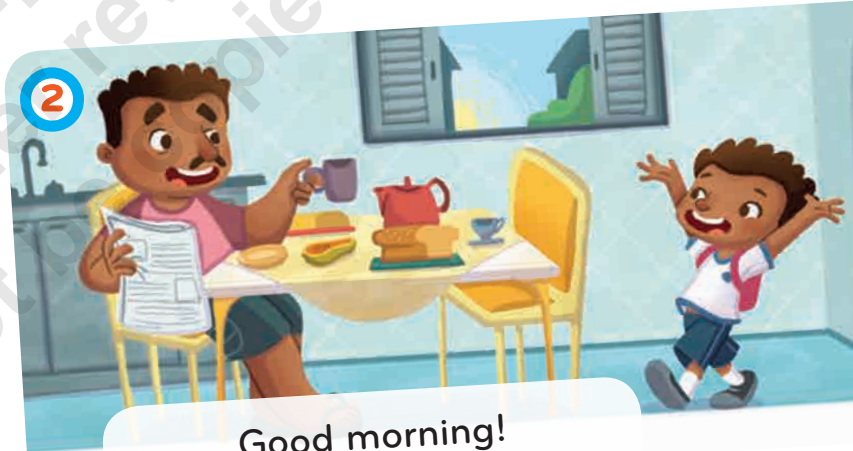

Good evening!
It's cold tonight.

Look and circle.

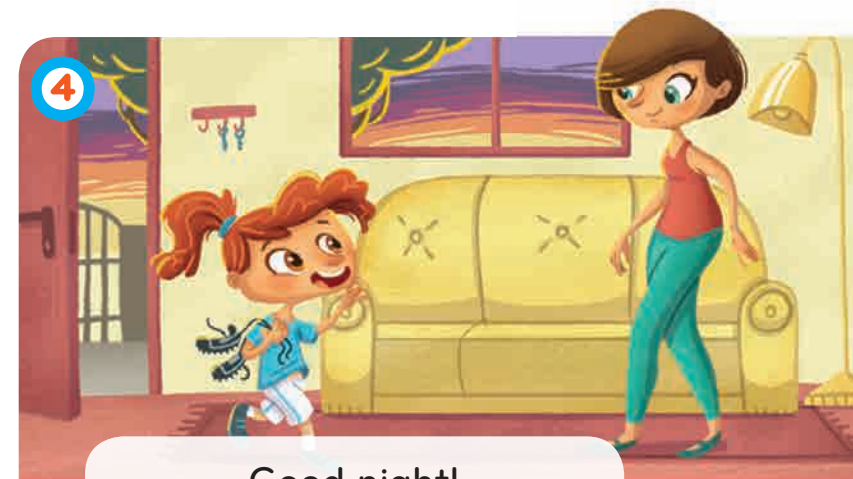

It's sunny today.
It's rainy today.

Good morning!
Good afternoon!

It's cold tonight.
It's hot tonight.

Good night!
Good evening!

Look and listen.

Where are we?

We're in Canada, Anne!
It's rainy tonight.

Good evening!

Good evening!

I don't see the sun.

It's sunny in Australia.
Let's go there!

Good morning!
It's hot today.

Good morning?
Oh, it's daytime!

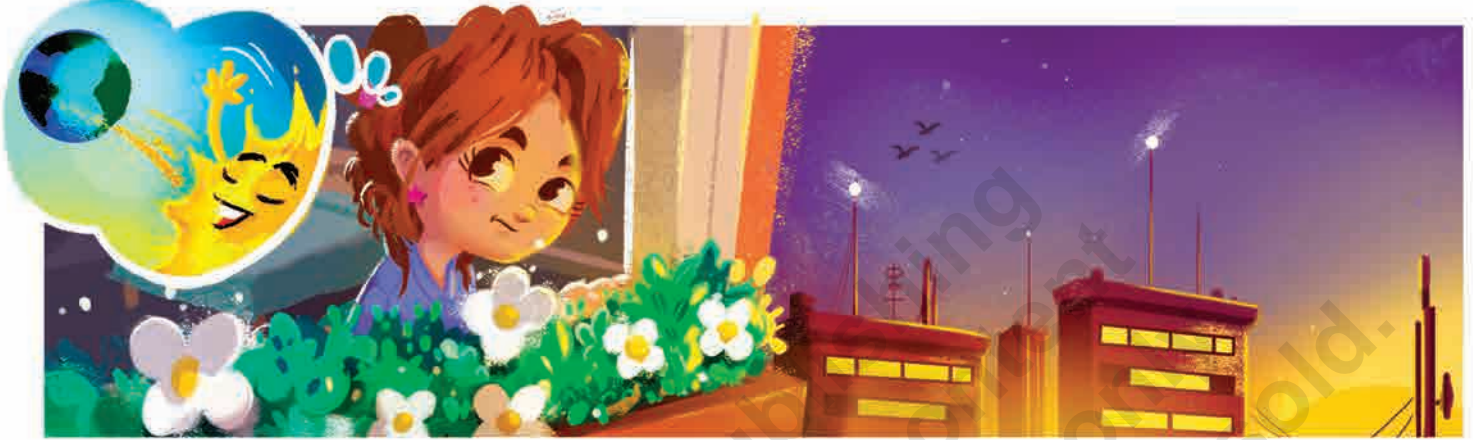

The sun is shining in Australia. It's daytime here.

The sun is not shining in Canada. It's nighttime there!

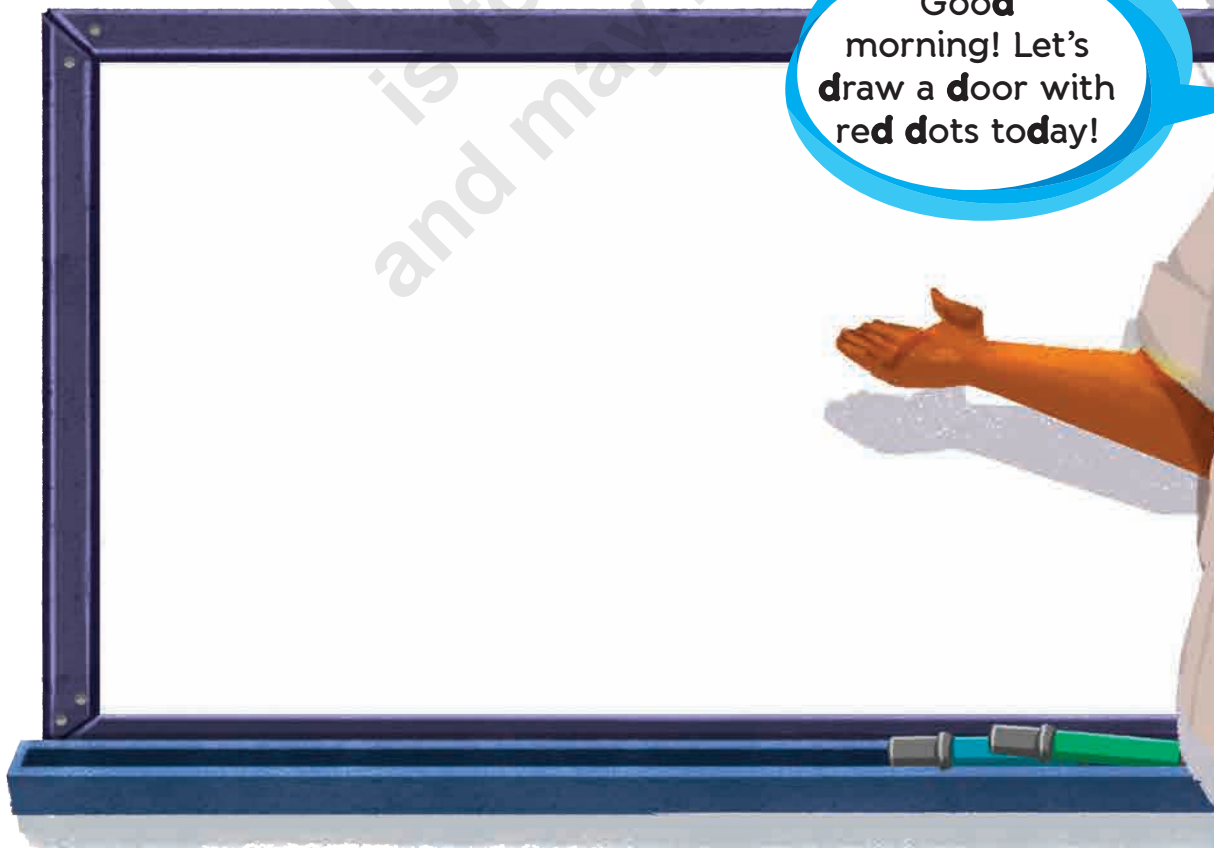

Yeah, but the sun is always there!

Look and check.

Listen and say. Then draw.

Good morning! Let's draw a **door** with **red dots** today!

Look, listen and number. Then sing and dance.
