Hey, we're in California, and the year is 1878.

Hello! My name is Eadweard Muybridge. Come and watch my movie!

Look, those people are making a movie.

What's your movie called?

It's called *The Horse in Motion*. It's the first movie.

Why are you making a movie about a horse?

It's really cool!

People ask, "When a horse runs, do all its feet leave the ground at the same time?" I'm taking lots of photos of a running horse. The answer is yes!

So how does the movie work?

I just put all the photos together to make a movie!

Wow! Eadweard Muybridge wanted to answer a question just like us!

But he didn't have our gadget. He made a movie to find the answer!

Let's watch a movie now! Pass the popcorn, Brownie!

Look, think and say.

Read, find and write.
